UTR Website - <https://www.universaltennis.com/>

To search, simply click the search icon (magnifying glass) then type players name and hit return/enter. If you get more than one person with the same name look at where they are from to narrow it down. **If nothing come up for that player, they probably don't have a UTR rating and would be considered an NR (no rating).**

A players UTR rating at time of registration will determine their division for the season. This is checkable!
