

RECORDING A DEFAULT TO PLAYER(S) IN TENNIS LINK

My team was awarded a line by DEFAULT. How is the score entered on TENNIS LINK?

If a team is awarded a line(s) by DEFAULT, the score on TENNIS LINK should be noted as 6-0, 6-0. On the drop down to the right of the score, select DEFAULT. TENNIS LINK will require player's name(s) for the ONLY team being awarded the DEFAULT.

May a player's name be altered on a line awarded as a DEFAULT?
